## Solid Waste Management:

Sri Rachapudy Nagabhusanam Degree & PG College, Badvel practices the separation of Solid Waste and its effective management in the campus. The waste bins are placed separately for dry and wet waste at every corner of the campus, Corridor, wash rooms and common rooms.

The light Green – colored dustbins are meant for Dry and biodegradable waste. Light Blue-colored dustbins are meant for wet waste, disposal of plastic wrappers and non-biodegradable waste, papers and glass bottles. Cleaning or purging of the dustbins is being done periodically every day.

## E-Waste Management

E-Waste generated is given to the authorized dealers who purchase the scrap and reuse the useful components. Apart from this, the electronic and electrical instruments under repair are given to the students during the lab sessions to dismantle and reassemble, which help in application-oriented learning.

Waste Water Recycling  
Management System**

## Waste Water Recycling System:

Waste water recycling is considered as a part of green building system. Water from the washbasins is the least polluting source of waste water. It handles the liquid waste and makes it suitable for reusing. Recycled water is used for toilet flushing and gardening.

Hazardous Chemicals  
Management**

## Hazardous Chemicals and Radioactive Waste Management:

Most of the Chemicals are non-hazardous in our laboratories. However, hazardous chemicals are stored in preparation room, away from the reach of students and are diluted after the experiment. Lab in-charges take care of the chemicals and safety measures in the laboratory are strictly followed.
