

CONSTITUTION OF INSTITUTION-INDUSTRY CELL

In accordance with the guidelines of higher education regulatory bodies and the growing need for industry-academic collaboration, the institution has constituted an Institution-Industry Cell to bridge the gap between theoretical knowledge and practical applications. The cell aims to establish strong industry linkages, promote skill development, and enhance the employability of students.

The Institution-Industry Cell serves as a supervisory and advisory body that facilitates interaction between the institution and industries, ensuring that students are exposed to real-world challenges and opportunities. The cell actively works to create a dynamic learning ecosystem by engaging with industry experts, organizing internships, industrial visits, and fostering research collaborations.

The institution is committed to strengthening industry partnerships and providing students with the necessary exposure and resources to succeed in their careers.

The committee for the Academic year 2025-26 has been constituted with the following members:

S. No	Name of the Members	Designation	Role in the Committee

OBJECTIVES:

The main objectives of this committee are as follows:

- To establish strong linkages between the institution and industries for mutual benefits, including knowledge sharing and research collaborations.
- To organize periodic meetings, industry interactions, and skill development programs for students.
- To bridge the gap between academics and industry expectations by conducting workshops, guest lectures, and industrial training programs.
- To facilitate internships, industry visits, and live projects that enhance students' practical learning experience.
- To encourage industry-sponsored research projects and consultancy services to address real-time industrial challenges.
- Committee members are required to meet at least once per semester or as often as necessary to review industry collaborations and address student career development needs.
- To ensure that students gain relevant industry exposure, develop employability skills, and are prepared for successful careers in their respective fields.
